

The Dojo Dash

The Wrong-Way Trick

01

Race day! 3 Dragons Dojo
vs. the Shadow Claw Clan.

First **WHOLE** team
across wins. Nobody
left behind!

Badger has a sneaky shortcut to trouble.

Psst! Purple sash—
sneak to the sign.
LEFT for them. RIGHT
for us!

Before anyone says GO, the purple-sash
tortoise sneaks ahead.

NOW the race begins!

Ready... set... GO!

**One sneaky spin:
the arrow points LEFT.**

Four Dragons take the wrong turn.

The sign says left.
Stick together!

**All four kids pass. The tortoise
flips the arrow RIGHT again.**

A hedge! Definitely not the finish.

**Dead end!
Turn back—together!**

**Panda trips. Fox won't leave
a friend behind.**

**Got you!
No panda left behind!**

Now Panda returns the favor.

Duck, Otter!

Still an otter!

Back at the fork. Back as a team.

**One, two, three, four.
All here! Take the bridge!**

Meanwhile, all six ninjas race onto the bridge.

One foot gets stuck. Five teammates keep going.

Five ninjas cross first... and celebrate too soon!

...but five is NOT their whole team!

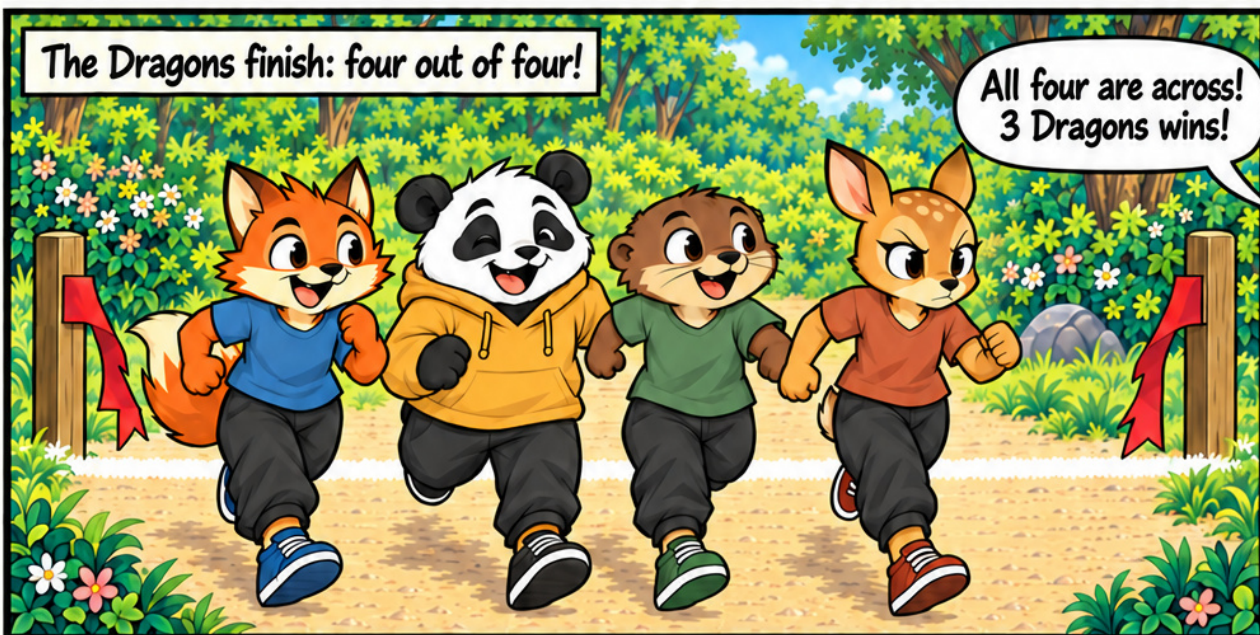

Five ninjas rush back for number six.

The Dragons lend a hand—and catch up!

The Dragons finish: four out of four!

All four are across!
3 Dragons wins!

Nobody left behind. That's a winning team.
